Service Charge

An 18% service charge is added to all dine in guest checks. A service charge model helps us provide consistent living wages for all members of our team in a way that the traditional tip system cannot.

We keep the tip line on our guest checks because some customers have asked if they can leave extra for those who served them. That's super nice! But not expected.

Pursuant to Minn. Stat.;177,23 Subd 9, this charge is not a gratuity for employee service and is property of the restaurant to use as it sees fit.
